

5 REASONS

to migrate your
eCommerce platform
to Vantage's Cardiff
colocation data centre

2 SCALABILITY

The ability to easily scale to meet growing demand without impacting performance is crucial. Our Cardiff facility has virtually unlimited room to grow with 2,000,000 sq. ft. of space.

4 SUSTAINABILITY

Consumers expect eCommerce organisations to be environmentally responsible. Minimising carbon impact is also important for brand reputation. Vantage's Cardiff campus is powered with 100% renewable energy.

1 UPTIME

If large online retailers have an outage, the impact could cost millions of pounds. Vantage's Cardiff campus delivers market leading operational uptime. There has not been a single outage since the facility opened.

3 CONNECTIVITY

Shoppers want a frictionless buying experience which is always available. High speed, low latency networks and our cloud direct connect services ensure that customers are always connected.

5 SECURITY

Regulators demand that payment details and personal identifying information are handled securely. Improve information security and reduce risk of data loss with our highly secure, professional colocation campus.
